THE NEW POSTAL TREATY reducing the rates of postage between the United States and Switzerland will be signed in a few days. REPRESENTATIVE MERCUR accepts the republican nomination for justice of the supreme

court of Pennsylvania. MRS. GRANT was assisted at her reception yesterday by Mrs. General Banks and daughter, Mrs. Senator Chandler, and Mrs. Corbin, the President's sister.

A caucus of republican members of the Connecticut legislature for the nomination of a candidate for United States Senator from that state is appointed for to-morrow evening.

DR. EDWARD YOUNG, chief of the bureau of statistics, Treasury Department, has been duly commissioned a representative of this government at the statistical congress which assembles in Russia this summer.

THE HOUSE committee on public buildings and grounds met this morning, but did not resume the Seneca stone investigation, as the time of the committee was taken up by several bills for public buildings in various places. THE SOUTHERN CLAIMS COMMISSIONERS YES

terday considered the case of Wm. Andrews. of this city, who claims \$125 for fences taken from his farm in Virginia, and the case of C. C. Poole, nephew of Senator Poole, of North Carolina, who claims \$239. SENATOR TRUMBULL has consented to be the

liberal candidate for governor of Illinois. General Oglesby will probably be the regular republican candidate, and the democrats say they will make no nomination for governor, but vote for the liberal candidate.

A BOARD, consisting of Majors J. E. Benton and T. J. Treadwell and Lieut. Wm. Prince, of the Ordnance Department, has been appointed to meet at the Springfield armory on the 13th instant, to conduct a series of experiments, with a view to the determination of the proper calibre for small arms.

REPUBLICAN GAINS IN INDIANAPOLIS .- Hon-John Coburn received the following telegram this morning: "INDIANAPOLIS, IND , May 8 .- We carried

every ward but two. We elect eight out of nine councilmen. Large republican gains.
WM. WALLACE." No MINATIONS .- The President to-day sent to

the Senate the following nominations: Franklin Haven, ir., to be assistant treasurer at Boston, Mass; Captain Daniel Ammon to be commodore in the navv. Postmasters-Z. B. Hargrove, at Rome, Ga.; . H. Brainerd, at Iowa City, Iowa; Barney Eileman, at Marysville, Cal.

Among the candidates named to succeed Mr. B. in Congress are ex-Gov. Clafin, and J. C. Ayer, of Cherry Pectoral fame.

ROUGH ON THE ATTORNEY, BUT GOOD FOR HIS CLIENT .- Yesterday, in the court of the District of Columbia in general term, a case was called, and one of the counsel proceeded to arrange his books and papers for argument, but was interrupted by the announcement that "the court would rather decide in his favor than lis-ten to his argument." The court thereupon made the necessary order.

TRANSFER OF NAVAL SURGEONS .- Assistant Surgeon J. L. Neilson has been ordered to the Tuscarora; Surgeon S. Robinson has been detached from the Monocacy and ordered home; Assistant Surgeon T. D. Myers, from the navy yard, Washington, and ordered to the same ves-sel; Assistant Surgeon B. F. Rogers, from the Philadelphia naval hospital and ordered to the Washington navy yard.

AT THE WHITE HOUSE .- Among those who visited the President to-day were Representative Spear, of Georgia, who had a conference in regard to affairs in that state. Also, Mr. Walls. of Florida, in regard to matters in Florida Senator Cameron, with several gentlemen from Philadelphia, Secretary Boutwell and Postmaster General Creswell, and Representatives Sy pher and Wells also had interviews with the President to-day.

THE LATE TROUBLES IN THE INDIAN TER-RITORY .- The President in response to a Senate resolution calling for information in regard to the late tragedy at Tallequah, Indian Territory. has forwarded to that body a report of the acting Secretary of the Interior on the subject. The President concurs with the acting Secretary in suggesting the adoption of the pending bill for the crection of a judicial district within the Indian Territory as a measure which will afford the most immediate remedy for existing troubles.

THE MIXED SCHOOL BILL .- The intelligent and well posted correspondent of the Springfield Republican, referring to Mr. Sumner's mixed school bill, and Mr. Ferry's amendment to it

"The amendment allows the people of the district to vote on the proposed change. It is safe to say that three-fourths of the voters here are opposed to it. The present system of separate schools is working well, and there is no demand for a change."

No BOUNTY FOR EX-SLAVES .- The House military committee have agreed to report against the application for bounty of slaves who enlisted in the army. The reasons which led to this conclusion were that as the government did not promise them bounty, they had no right to expect it, and also from the fact that very little of the money allowed would reach the former slaves, their claims having been purchased by agents, who would receive the sole benefit of the

CONSULTATION OF REPUBLICANS .- "Zeta," in telegram to the Baltimore Sun last night, says: An important consultation of administration republicans was held to-day in the marble room of the Senate chamber, to discuss the course to be pursued towards the republicans who had joined the Cincinnati movement. One or two Senators like Chandler and Edmunds favored a war-to-the-knife policy, and de-nounced them as traitors to the republican party. Other Senators, including Mr. Wilson. favored a peace policy for the present, with the future hope that the democrats would nominate a straight ticket, and that the liberal republicans would thereupon all return to the fold. It was intimated that the President held that view. and so far as this conference could bind any body. it was agreed to pursue a lenient course. A proposition that Grant should withdraw, and let the republicans unite, was seriously discussed

COL. MOSBY AT THE WHITE HOUSE .- A sensation was caused at the White House this afternoon by the appearance of the once famous Col. J. S. Mosby, who called in company with Senator Lewis, of Va., to pay his respects to President Grant. They were admitted to see the President in a few minutes after sending in their cards, and remained for some time. In his personal appearance Col. M. hardly comes up to the popular idea of a guerilla chief. In stature he is a little below the medium height. His face is smooth shaved, and he is apparently about thirty-five years of age. He is a pleasant spoken and mild mannered man, and to con-verse with him one could scarce bring himself to believe that he is really the man who harrassed the rear of our armies in Virginia da-ring the rebellion, and achieved such a wide reputation as an independent ranger and bush-whacker. This is the first time that Col. Mosby has ever visited the White House.

District Matters in Congress. The Senate committee on the District of Columbia met this morning, and agreed to report in favor of confirming the nominations of Sam'l Cross, A. K. Browne and D. L. Eaton to be members of the Council of the District of Columbia. The nomination of Mr. Gulick was held over until the next meeting of the com-

GARBETT AND BARBOUR'S 13TH STREET DE-The bill introduced in the Senate by Mr. Lewis to allow the Alexandria and Manassas railroad company to run trains and transport passengers and freight within the corporate limits of Washington city, was considered, and all after the enacting clause was stricken out. The committee then agreed to report as a sub-stitute the bill introduced by Mr. Spencer, with several amendments. The bill as amended

reads as follows:

"That it shall be lawful for the Orange, Alexandria and Manassas railroad company, a corporation chartered under the laws of the state of Virginia, to exercise its functions as a com-mon carrier, and transport passengers and freight within the District of Columbia, and for this purpose shall have authority to run trains over the bridge which has been constructed by the Baltimore and Potemac railroad company across the Potomac river at the foot of Maryland avenue, in the city of Washington, to the opposite bank of said river on the Virginia shore, upon the terms and conditions set forth in the act of Congress giving to said Baltimore and Potomae railroad company the privilege to construct and operate said bridge, and to put down suitable tracks along Maryland avenue to its intersection with Virginia avenue, and thence along said avenue or in the center of C, D, or E streets south, by a tunnel under the public grounds east of the Capitol building, and at a sufficient distance therefrom, to be ap-proved by the superintendent of public buildings and grounds, to Delaware avenue, and along said avenue to the line of the Baltimore

It shall be competent for said Orange, Alexandria and Manassas railroad company to make a connecting track from a point on said lateral branch on 13th street, along B street south to its intersection with 6th street west, and thence south along said 6th street to its main line: Provided, That said track shall conform to the prescribed grade of the streets. and that any damage caused to the property of individuals by the construction of said road shall be paid for by said railroad company.

THE ANACOSTIA AND POTOMAC RIVER RAIL-The committee also agreed to report favorably on the bill which recently passed the House giving the approval of Congress to the termini and route of the Anacostia and Potomac river railroad, and to regulate its construction and operation. This bill, it will be remembered, approves of the route of that company as follows:-Commencing, for the eastern terminus of said road, at or near the northern end of the Navy Yard bridge, on 11th street east; thence upon and along said 11th street east to M street south; thence upon and along said M street south to 3d street east; thence upon and along said 3d street east to N street south; thence upon and along said N street south to Water street thence upon and along said Water street to 12th street west; thence upon and along said 12th street west to Ohio avenue; thence along and upon said Ohio avenue to 14th street west: thence along and upon said 14th street west to the western terminus of said road, at the intersection of Pennsylvania avenue and said 14th

street west. A single track to be constructed and seen to travel within eighteen months after the approval of the act. THE NATIONAL GOVERNMENT'S SHARE OF THE COST OF STREET IMPROVEMENTS. Columbia met this morning and discussed the report upon the recent investigation, but came to no conclusion. The committee meets again to morrow morning, and it is probable that the report will then be completed and presented to the House. No general business was transacted to-day, the committee being in session but a short time.

The Democrats and Greeley. BEN WOOD'S NEW YORK ASSOCIATION. The national democratic association, a poliical organization recently formed under the auspices of Benjamin Wood, in New York, last night passed a resolution indorsing Greeley and Brown. During the meeting Wood stated that he had had an interview with Greeley, and had asked him whether and in what event it may be the control of the asked him whether and in what event it was possible he would with raw as a candidate. Greeley, in reply, had assured him that he would remain in the field no matter whom the republican convention at Philadelphia might nominate; but that his w thdrawal was possible should the democratic national convention make an independent nomination.

MISSISSIPPI DUBIOUS. Col. C. E. Hooker, a member of the democratic national executive committee, residing at Jackson, Miss., has telegraphed to the committee suggesting a postponement of action until after a meeting of the Philadelphia convention, and says the people of Mississippi wish such a course to be pursued. An enthusiastic Greeley club has been organized in Jackson.

The Charleston News of this morning has the following editorial: "The Voice of the South."-The dem national committee meets in New York to-day.

We trust that in its deliberations due weight will be accorded to the public sentiment and reasonable expectation of that section which in the past has been so stea ifast and so powerful an ally of the party to us of the south. The action of the national democracy must either bring joy and confidence and the assurance of speedy relief from the worst of our troubles. lief from the worst of our troubles, or else pro-long indefinitely the reign of anxious doubt and flagrant misgovernment. If there be any portion of the democracy who have the right to object to of the democracy who have the right to object to Mr. Greeley as a life-long antagonist of their cherished political views, it is certainly the white people of the southern states. If there be any whom suffering and wrong and relentless persecution have entitled to a hearing when the question of staking their fate upon the doubtful fortunes of a triangular contest is raised, it is this same people; and we but give expression to the unanimous sentiment in South Carolina, and as far as we can judge, in the entire south, when we urge and entreat our democratic friends throughout the north to sink for the moment all personal prejudice and party pride, and give the death-blow to national corruption and sectional hate by a prompt, generous, and hearty endorsement of the nomination of honest Horace Greeley.

A CHILD SHOT IN ITS BED .- Thomas Scan lon, aged seventeen months, while lying in his crib near the open window of his parents' home, No. 437 East Eighteenth street, New York, day before yesterday, was shot in the thigh by some unknown person.

FORTY-SECOND CONGRESS. This Afternoon's Proceedings.

WEDNESDAY, May 8. SENATE .- On motion of Mr. Hamlin, the Secretary of the Navy was directed to furnish the Senate with copies of the report and maps of the survey of the Isthmus of Darien for an inter-oceanic ship canal.

Mr. Kellogg called up the bill providing that

THE PRESIDENTIAL ELECTION shall be held in Louisiana on the same day with the state election-the first Monday of November, 1872. He said that the object of the bill was to avoid the trouble and expense of two elections in succession.

On motion of Mr. Cameron, Wednesday next was set for the consideration of the Baltimore

and Potomac depot bill.

Mr. Morton said that an additional advantage of the pending bill would be that the Presidential election would get the advantage of the supervision and protection now provided by law or the state elections.

Mr. Trumbuli said that this statement was an

dmission that this bill was designed to enable Congress to control, by indirection, the Presidential election in violation of the constitution Mr. Morton denied that he had admitted any such thing, and asked Mr. Trumbull whether he wanted to have THE SCENES OF 1868 IN LOUISIANA

renewed, and the presidential election held under such circumstances that it could be con-trolled by the Kuklux. If he did, he might fitty oppose this bill; but if he was in favor of an nonest election, he ought to support it.

Mr. Trumbuli said Mr. Morton had stated that the object of the bill was to place the election under the protection of an act of Congress, and he asked where Congress got authority to interfere with a presidential election, in the face of the express provision of the constitution that it is to be held in each state in such manner as the legislature thereof may direct. He knew what the

"PROTECTION" spoken of by Morton might mean; it might mean the protection afforded by the suspension of the kabeas corpus, and the presence of miltary power. He was in favor of an honest election by a free people, and for that reason he was opposed to unconstitutional congressional

Mr. Morton said Mr. Trumbull was in favor of an honest election, but opposed to the means by which it could be secured. Af er much further discussion, the bill went

Mr. Nye called up the bill to regulate elections in the territories of Washington and Idaho, the vote passing it having been reconsidered, and the question being on its passage, it was again passed-ayes 29, nays 18. THE POST OFFICE APPROPRIATION BILL

was then taken up, the question being on the amendment of Mr. Nye, prescribing the same conditions to be imposed on any other company hat may obtain the China and Japan mail contract, to keep up a line between San Francisco and New York via the Isthmus of Panama, as have been imposed on the Pacific mail line. The amendment was agreed to, and the bill was then passed. Mr. Stewart asked to take up the Goat Island

bill and have it read the second time Mr. Cole objected to its being taken up unless he should have the opportunity to give the reasons why it should be referred to the committee on military affairs. A colloquy ensued between Messrs. Cole and Conkling, in which the latter charged Mr. Cole with using offensive language toward him.

The subject was then dropped. Mr. Boreman then called up the House genral amnesty bill, when Mr. Sumner renewed his civil rights amend-Mr. Ferry (Conn.) raised a point of order

against the amendment. The Vice President decided against the point Mr. Trumbull appealed from the decision of HOUSE OF REPRESENTATIVES .- On motion of Mr. Rusk, (Wis.,) the Senate bill to

authorize the west Wisconsin railway company o maintain a bridge across Lake St. Croix, was (aken from the Speaker's table and passed. Mr. Dueil (N. Y.) asked and obtained unanimous consent to introduce a bill to provide for solding an additional term of the United States district and circuit courts for the northern district of New York, at Syracuse, N. Y., and it Mr. Mercur, (Pa.,) as a privileged motion,

alled up the motion to reconsider the vote by which the supplemental apportionment bill was recommitted to the judiciary committee. Pending a vote on reconsideration, Mr. Randall (Pa.) moved to lay the bill on the

table. Rejected-yeas 80, nays 101. The vote to recommit was then reconsidered, and several amendments of a minor character were agreed to, and the bill passed. [The bill increases the number of representatives from 283 to 292, the increase going to the following states, viz: New Hampshire, Vermont, New York. Pennsylvania, Indiana, Tennessee, Lonisiana, Alabama and Fiorida.] On motion of Mr. Dawes, the House went into

committee of the whole on THE TARIFF BILL reported yesterday from the committee of ways

and means, under the instructions of the House Mr. Dawes moved to strike out the item of ten cents per pound on tea, and said that the bill as now before the House made a reduction in the revenue:—On articles added to the free lists, \$8.639,860.40; including tea and coffee, \$17,500,976.67; internal revenue, \$13,988,000; making a total of \$40,128,837.16. To this he expressed the hope that the committee would add by the removal of stamp taxes and other internal revenue taxes of minor importance where the revenue collected did not compensate for the annovance, which would make a further reduction of about ten millions, making the entire reduction of duties about fifty millions, which was the sum which the committee thought could

with safety be made. Mr. Brooks (N. Y.) opposed the abolition of the entire duty on tea and coffee, advocating a more equitable division of the reduction on a larger list of articles. A lengthy debate on protection and free trade

was had upon this paragraph, when the line was stricken out, as was also that imposing a tax of two cents per pound on coffee.

Mr. Ritchie (Md.) moved to amend the paragraph in relation to bituminous coal by striking ut fifty cents per ton of twenty-eight bushels and inserting one dollar per ton.

ARMY OF THE POTOMAC REUNION .- The ourth annual reunion of the Society of the Army of the Potomac began at Cleveland yesterday, with a large attendance. Generals Sheridan, Hooker, Burnside, Meade and other distinguished officers were present. General Hooker presided, and the annual address was made by General Stewart L. Woodford, of New York. An original poem, entitled "Gettys-burg," was read by Edmund B. Stedman. Generals Burnside, Meade, Sheridan, Custer, Fair-child, Wright, Robinson, Sharpe, Devine and Keefer were called upon, and responded in brief and appropriate terms. General Hooker read a letter from President Grant regretting his inability to attend the reunion, owing to official business. The following officers were chosen for the ensuing year:—General A. E. Burnside, president; G. ieral Sharpe, recording secretary; General Church, corresponding secretary. tary; General Davis, treasurer. A resolution was adopted urging Con gress to take action on an amendment to the act relative to national cemeteries, so that volunteer soldiers and sailors of the late war may have the privilege of being buried beside their comrades in arms. The next meeting will be held at New Haven in May, 1873.

AGAINST MIXED SCHOOLS IN ORIO.-The supreme court of Ohio yesterday refused to issue a mandamus against the directors of a sub-school district in Norwich township, Franklin school district in Norwich township, Franklin county, for the admission of colored children into schools for white children, as there is a separate school in said township for colored youth. The court sustained the constitutionality of section thirty-one of the common school law of that state, and held that the organization of separate schools for colored children is not in conflict with the provisions of the fourteenth amendment to the national constitution.

WHAT A. J. THINKS OF IT .- A letter from What A. J. Thinks of It.—A letter from Washington county, upper East Tennessee, April 29, says: "I saw ex-President Johnson in Greenville and had an interesting conversation with him on the political situation, but I have neither time nor space to report his views at length. He declines the race for Congress in this district, and emphatically condemns the proposition for the democratic party to support proposition for the democratic party to support the Cincinnati republican convention."

Not for Greeley.—William Miller, republican, was elected Mayor of South Bend, Ind., yesterday by 539 majority over William Mack, the democratic nominee; the largest republican majority by far ever given in that city, and a republican gain of over 300 since the last municipal election. Mr. Colfax's ward, always very close, and sometimes democratic, gives 98 republican majority.

At an election for mayor and city council, held in Westminster on Monday, the entire re-publican (Grant) ticket was elected.

End of the Revolution in Mexico. WHY TREVINO DID NOT ATTACK MATAMORAS --HIS ARMY DEMORALIZED.

HEADQUARTER'S TREVINO'S FORCES, REV-NOSA, May 6.-A visit to this camp shows the cause of the failure to attack Matamoras. Whatever the original force of Trevino's army was, he has now only 11 pieces of artiflery, 700 infantry, and 400 cavalry. The balance have deserted and are scattered. His army is completely demoralized and destitute. The major ty of his officers are shoeless and dismount of their animals being unable to walk. The monwithout pay or food, are stealing and begging The country is cleaned of horses, catcle and small stock, and the whole army is afraid of Cevallos pursuing. Should the government forces appear, Trevino's army would dissolve and abandon their wagons, artillery and every-thing. It is evident that Trevino never intended to attack Matamoras. He was told that the national guards there would open the city to him, and when undeceived he retired. Trevine says that Juarez is certain to be overthrown by this or another revolution. There is no countdence between the officers and men of the revolutionary forces, and no basis as to the exaggerated reports as to the doings of the revolu-tionists in the interior. The trath is there is no force of any magnitude, there being only small bands in various states preving on the people. The universal opinion among the leaders here is that Dinz is dead, and that the report of his being at Jalisco is untrue. Nothing is known of the government operations in the interior. There are no signs of a force coming hither. From present appearances the government, with 2,060 troops could pacify the northern frontier. Many commissioners from the interior are here. They expected to buy arms after Matamoras was taken, and they regard the failure as a death blow to the revolutionary cause. Trevino, with his troops, has just started for Camargo. He says he will await Cevallos there, but he will doubtless go on to Monterey.

DISASTROUS PLOODS IN INDIA-ONE THOUSAND LIVES LOST. London, May 8 - A telegram from Bombay brings intelligence of most disastrous floods in the southern part of British India. The town of Vellore, in the presidency of Madras, has suffered terribly, and many of the inhabitants have been drowned. The number of lives lost is given at one thousand. Fifteen thousand inhabitants of the town have lost everything they possessed, the water having washed away their houses and left them in a perfectly destitute condition. The dispatch of vesterday stating that there had been a flood in Melbourne, whereby four hundred persons were drowned, is an error. It undoubtedly referred to the abovementioned disaster.

Hincks said, a week ago, in making his financial statements, he anticipated the possibility of having to make a change in the Gana-dian tariff, on account of the tariff changes of the United States. The government had learned that the President last night signed the bill making important changes, to operate from July next, repealing the duties on tea and corfee. The Canadian government therefore pro-posed that from the 1st of July next the duties on tea and coffee imported into the dominion should be repealed. He gave notice that on Friday next he would move for permission to do so. Grave inconveniences had followed the uncertainty prevalent for months in the United States as to what would be done with regard to those articles; but the Canadian government designed to prevent anything of the kind here,

and hence the government's prompt decision of its policy. Josephine Mansfield is living quietly in West Philadelphia.
